BOBBY DAVIS

Founder & CEO of Coder Foundry. A tech entrepreneur with over twenty years of experience building successful software companies.

KEVIN DOYLE

Award winning Video Producer and cohost who knows enough about coding to break stuff!

Coder Foundry is a North Carolina coding bootcamp offering .NET training via a 12-week full-time immersive virtual bootcamp and self-paced online courses.

Coder Foundry's YouTube channel started in 2019 as a way to provide free help and advice to aspiring developers who were unable to attend the physical bootcamp.
